Dear Sir:

REMARKS

This communication is in response to the Notice of Non-Compliant Amendment mailed 22 March 2006.

The amendment filed 9 January 2006 was considered non-compliant for lacking a signature on the last page. The applicant respectfully submits the lack of signature was due to a facsimile receiving error.

Submitted in support of this position are copies of the original 9 January 2006 response, a facsimile transmission report showing successful completion of the facsimile from the sender, an auto-reply confirmation from the U.S.P.T.O. verifying receipt of the entire facsimile, another auto-reply confirmation from the U.S.P.T.O. verifying receipt of the signed final page, and an additional facsimile confirmation showing the original response was re-transmitted to the U.S.P.T.O. on 17 January 2006.

In view of the above remarks, it is believed that the Notice of Non-Compliant Amendment is in error and should be withdrawn, and that the pending claims are in condition for allowance. Should any additional documentation or information be beneficial to the proceedings, the Examiner is encouraged to call the applicant's representative at the number provided below.
